

## Pre-Owned Equipment

Cole Industrial, Inc., stocks a broad range of pre-owned boilers and accessory equipment that is available for immediate delivery at a lower cost for steam or hot water than new equipment.

All of our previously owned equipment is inspected and reconditioned prior to resale. Cole Industrial maintains and regularly updates a list of used boilers and accessory equipment available for sale in Lynnwood and Yakima, Washington and Portland, Oregon.

Used boilers available in stock range in size from 15HP through 800HP. Larger units are available upon request. Most of the used boilers are manufactured by Cleaver-Brooks and other leading boiler manufacturers. Low emission conversions are available on all Cole Industrial pre-owned boilers. All of our used equipment is available for inspection so you can rest assured our used equipment operates efficiently.
