

Service Technicians

At Cole Industrial, Inc., our factory-trained field service techs are the best in the industry, specializing in boiler combustion service and boiler pressure vessel repair.

Serving Washington, Oregon, Alaska, and Northern Idaho, we offer 24-hour service.

We provide comprehensive quick response service with the most technically qualified combustion and control service team in the industry.

Our certified technicians provide regularly scheduled preventative maintenance as well as 24-hour-a-day emergency call-out service. We offer Service contracts that are custom fit to our customers.
